

## Helene Segura – Seminar & Keynote Client Testimonials

**“I was completely blown away.** The people who were sitting at my table were equally impressed with the way Helene was able to **customize her presentation to everyone there and keep everyone engaged.**”

*-Mark Vasquez, Training and Development Manager, New York Life*

“I met you at the Directors of Operations Summit that Topgolf had in the fall. I’m having a Marketing Summit in February and **they had heard such wonderful things about you that they would love to have you at their summit.** Can you help us?”

*-Lisa Ferguson, Travel and Events Specialist, Topgolf*

“We brought Helene Segura in as a **guest expert** for an inaugural education and donation drive. Our three day event included **live television, radio remotes, video spots and community seminars.** She also conducted a lunch-and-learn with our staff on prioritizing tasks and schedules. **Helene appealed to all audiences and ‘performed’ flawlessly.**”

*-Kevin Beirne, Director of Development, Chattanooga Goodwill Industries*

“I contracted Helene Segura to present a Time Management workshop to real estate agents at ReMax North. After all, if we’re going to **pull our agents in from the field, the program we provide needs to be worth it...Her tips are easy to understand, so they are more likely to get implemented right away.**”

*-Gwen Derry, Sales Executive, Trinity Title*

“Thanks so much for your participation with our conference. It was **a huge hit!**”

*-Tom Dunn, COO Filta Environmental Kitchen Solutions, Florida*

"Fellow Chairs,

I have had the pleasure of watching and observing Helene for 2 straight days.

She has **sustained energy** throughout the whole day; walks around and stops at the tables to **engage them and get them to actually apply, right then and there, her strategies....**and she continually does this the entire day...not just once per table; adds **humor** to her presentation; is very aware of staying on time and **keeps everyone on track**; does NOT try to rush in the afternoon to leave early; **enjoys answering questions** from attendees after the day is done...instead of running out the door in front of attendees while saying she has to catch a plane; **works hard all day to make sure all of the attendees are very happy** they came.

I will bring her back now that I know who she is and how she works. I think she is wonderful! Whoever found her did a fabulous job."

*-Evangelia Zouras, Director, New Jersey and New York, The Institute for Management Studies*
