Helene Segura, MA Ed, CPO®

Time Management Fixer

Productivity and time management are considered soft skills, but there's nothing soft about losing \$10,000 worth of productivity per employee per year. Time Management Fixer Helene Segura reveals her mind-bending framework for decreasing interruptions, distractions and lost time so that companies can spend more time generating profit.

The author of four books - two of which were Amazon best-sellers - Helene has been the featured organizational expert in more than 200 media interviews.

Her third book, *The Inefficiency Assassin: Time Management Tactics for Working Smarter, Not Longer* (New World Library), and her fourth book, *The Great Escape: A Vacation Planner for Busy Professionals Who Want to Take a Real Break from Work and Life* (Hacienda Oaks Press), have helped thousands around the world.
